

Protect Your Identity - Protect the Earth
The New Milford Rotary Club's "Fall Cleanup"
Community Document Shredding Day
Saturday, October 7, 2017

The Rotary Club of New Milford, in partnership with FileShred, LLC, will host a Fall Cleanup' Document Shredding Day open to the public on Saturday, October 7 in the Lore's Plaza parking lot on Route 7 (across from Royal Buffet) from 10:00 am to 1:00 pm.

*This is the perfect opportunity, and the **last chance of the year**, for individuals and businesses to clear out their home, office, basement, attic and closets by having their confidential documents shredded by FileShred's massive mobile shredding truck. Bring boxes of documents, old papers, pay stubs, receipts, bank statements, invoices, cancelled checks, tax forms, medical records, credit card statements, old bills, etc. No need to remove staples or paperclips. Drive up...and it's shredded while you watch. It's that easy! Protect your identity, protect the earth and save money!*

No appointment is necessary. There is no limit to the number of boxes brought to be shredded. Open to residents of all towns.

Assistance will be available to help unload boxes. Staff from the shredding company will handle the documents and will shred them while you watch. The mobile on-site document destruction process is efficient and quick. What could take many hours to shred at home can be shredded on-site in minutes. The shredded material will then be recycled.

At our spring event, approximately 12,000 pounds of paper was collected, shredded and then recycled into paper products. This prevented over six tons of paper from being added to the landfill and translated into 130 trees that did not have to be cut down. Over 100,000 pounds of paper have been shredded since the first ShredFest Day in 2007, saving over 1000 trees.

The cost is \$10.00 per standard copy paper-type box (larger boxes slightly higher). All money collected will be donated to the **New Milford Rotary Club** and distributed within the community to help senior citizens, schools, scholarships, environmental and other local projects. **Visit: NMRotary.org**

For information or if you have a large number of boxes:
